- Sorting, grading, and packing produce for shipment.
- Loading and unloading farm supplies and harvested goods.
- Maintaining cleanliness of greenhouses, barns, and fields.
- Detecting disease or health problems in crops or livestock.

Description: Heritage Harvest Agricultural Estates is a major agricultural operator in Canada, and we are currently seeking hardworking individuals to join our team for the **2026 season**. As the demand for fresh produce continues to grow, we are looking for international workers who are ready to contribute to Canada's food security. This role is physically demanding but offers a rewarding experience in some of Canada's most beautiful rural regions. We prioritize a strong work ethic and a positive attitude over formal education or prior experience.

Regarding the work visa and entry requirements for Canada, it is essential to

understand that we are a details provider and an information guide only. We do not issue visas or guarantee any form of legal permit. Our role is to provide you with the necessary details and guide you through the official government application channels.

```

For farm laborers, the primary legal pathway in 2026 is the **Temporary Foreign Worker Program (TFWP) – Agricultural Stream** or the **Seasonal Agricultural Worker Program (SAWP)**. We will guide you on how to apply for an employer-specific work permit once a **Labour Market Impact Assessment (LMIA)** has been approved. As of January 1, 2026, the Canadian government has updated wage standards and housing requirements to better protect foreign workers. Under these specific agricultural streams, **no IELTS score, Educational Credential Assessment (ECA), or degree** is required, provided you can communicate effectively for safety. The “Free Visa Sponsorship” refers to the fact that employers are legally required to pay the \$1,000 LMIA processing fee and, in many cases, provide round-trip transportation and suitable, affordable housing.

The application journey usually begins with a formal job offer and a positive LMIA confirmation from the employer. You will then be guided to the official **Immigration, Refugees and Citizenship Canada (IRCC)** portal to submit your work permit application. You will be instructed on how to book your biometrics and complete a medical exam. We provide the information and step-by-step instructions to ensure you follow the legal procedures, but the final decision remains entirely with the Canadian authorities.
