### Description

Nexus Global Logistics is seeking skilled and reliable **Forklift Operators** to become a core part of our warehouse operations team in the West Midlands, **UNITED KINGDOM**. As a Forklift Operator, your primary role will be to ensure the safe, efficient, and accurate movement and storage of goods within our busy distribution centre. We handle a variety of products, so your ability to manage diverse loads with precision is key.

You will be responsible for operating a counterbalance and/or reach forklift, adhering strictly to all company safety protocols and national health and safety regulations. A successful candidate will demonstrate a **high degree of safety consciousness**, excellent **spatial awareness**, and a commitment to maintaining an orderly and hazard-free work environment.

#### Key Responsibilities:

Your daily tasks will be diverse, focusing on the core logistical functions of the warehouse. You will:

- **Load and Unload Materials:** Efficiently and safely unload incoming vehicles and load outgoing delivery trucks using the forklift.
- **Stock Movement and Storage:** Transport palletised materials to designated storage locations and retrieve stock for shipment, ensuring correct stacking and placement.
- **Equipment Maintenance and Checks:** Conduct thorough **pre-shift and post-shift safety inspections** of the forklift and associated equipment, reporting any defects immediately.
- **Inventory Accuracy:** Maintain accurate records of inventory locations and movements, often using handheld scanners or computer systems.
- **Safety Compliance:** Strict adherence to all Health and Safety procedures, including wearing required **Personal Protective Equipment (PPE)** and maintaining pedestrian safety.
- **Team Collaboration:** Work closely with the warehouse and inventory control teams to meet daily operational targets and deadlines.

#### Candidate Profile:

We are targeting **lower-level or some experienced candidates** who are eager to commit to a long-term role. The ideal candidate will have:

- A **valid Forklift Operator Certification** recognised in the United Kingdom (e.g., RTITB or ITSSAR accreditation) for Counterbalance and/or Reach Trucks.
- Proven experience of at least one year in a similar warehouse or logistics environment.
- Basic reading, writing, and arithmetic skills (e.g., **8th pass or equivalent basic literacy**) to handle documentation and inventory records.
- A strong, demonstrable commitment to **workplace safety** and following detailed instructions.
- Physical fitness required for the role, including the ability to manually handle loads occasionally and work flexible shifts.
