### Description

Zenith Logistics Solutions Inc., a leading force in Canadian supply chain and warehousing, is actively seeking dedicated and safety-focused individuals to join our team as a **Forklift Operator** in our bustling Montreal facility in **Canada**. This role is ideal for individuals who are either starting their career in warehousing or have some prior experience and are looking for a stable opportunity in a high-demand industry.

The core responsibility of the Forklift Operator is to ensure the safe and efficient movement of goods throughout the warehouse. You will be instrumental in the flow of our operations, handling incoming and outgoing shipments, and supporting our inventory systems. Safety is our paramount concern, and all candidates must demonstrate a strong commitment to following all operating procedures and regulatory guidelines.

We are committed to fostering a supportive and professional work environment. For this position, a **High School Diploma or Equivalent** is the minimum educational requirement, and a valid, recognized **Forklift Operator Certification** is **essential** for legal operation in Canada. While we are open to **Entry-level** candidates who possess a current certification and a strong willingness to learn, some experience, preferably **1+ years in a warehouse or logistics setting**, is a significant advantage.

Key **Skills** we are looking for include proficiency in operating various types of forklifts (such as Counterbalance or Reach Truck), a truly **Safety conscious mindset**, **Excellent hand-eye coordination** for precise maneuvers, and excellent **Time management** to meet tight schedules. Familiarity with **Basic inventory software knowledge** and **Strong teamwork and communication skills** are also highly valued, as you will be coordinating with various team members. Furthermore, the role requires **Attention to detail** in handling goods, **Physical stamina**, and overall **Reliability and punctuality**.

Your daily **Responsibilities** will include the vital tasks of **Safely operating a forklift to move, stack, and retrieve materials and products**, **Loading and unloading delivery trucks efficiently**, and conducting **Daily pre-shift inspections and maintenance checks on the forklift** to report any issues immediately. You will also **Assist with inventory management and cycle counting** to maintain accurate stock records, and most importantly, **Adhere strictly to all warehouse safety rules and regulations**.
