(adsbygoogle = window.adsbygoogle || []).push({});

### Experience

1-2 years relevant mechanical experience

### Skills

Diesel engine repair, diagnostic testing, welding and fabrication skills, attention to detail, strong problem-solving ability, valid driver's license, excellent communication, safety-conscious, ability to lift heavy equipment, time management.

### Responsibilities

Perform preventative maintenance on heavy-duty trucks, diagnose and troubleshoot mechanical and electrical issues, execute repairs on engines, transmissions, and braking systems, complete routine maintenance and inspections, maintain accurate service records, ensure compliance with safety and industry standards.

### Description

Maple Leaf Transport Services is a leading player in Canada's vital transportation industry, and we are actively looking for dedicated **Heavy-Duty Truck Mechanics** to join our busy maintenance team in Winnipeg, Manitoba. This is an excellent opportunity to work on a modern fleet of heavy-duty vehicles and grow your expertise in a supportive and professional environment.

As a Heavy-Duty Truck Mechanic, you will be crucial to keeping our fleet running safely and efficiently across Canada. Your primary duties will involve the inspection, diagnosis, repair, and maintenance of diesel engines, truck chassis, hydraulic systems, and complex electronic components. We are particularly interested in candidates who possess foundational mechanical knowledge, a commitment to quality workmanship, and a desire to continuously learn new technologies and diagnostic methods in the heavy-duty sector.

#### Why Join Us in Canada?

Canada offers a stable environment and a strong demand for skilled tradespeople, providing a secure and rewarding career path. Our company is dedicated to fostering a culture of continuous improvement, safety, and teamwork. We provide the necessary tools, a clean, modern workshop, and ongoing training to ensure our mechanics can perform their jobs effectively and safely.

The role involves both routine preventative maintenance and complex breakdown repairs. You should be comfortable interpreting technical manuals, using specialized diagnostic software, and working efficiently to minimize vehicle downtime. While a formal trade certificate (such as a Canadian Red Seal endorsement) is highly valued, we welcome applications from candidates with a solid educational background (High School Diploma or Trade Certificate) and at least 1-2 years of relevant hands-on mechanical experience with heavy vehicles, who are ready to take the next step in their career.
