Date posted

November 1, 2025

Valid through

08.05.2026

What We Offer

As an HGV Mechanic, you will be crucial to our transport operations, working on a diverse range of modern HGVs, trailers, buses, and commercial vehicles. Your daily duties will cover everything from routine servicing and safety inspections to complex engine diagnostics and full-scale component rebuilds. We provide a supportive and safe working environment with access to modern tooling and continuous professional development.

The starting base salary for this role is competitive, ranging from **\$3,000 to \$4,200 per month** (USD equivalent, depending on experience and shift patterns), with opportunities for overtime and performance-related bonuses. We value reliability and attention to detail, which are paramount in ensuring our fleet's compliance with strict UK road safety regulations.
