Description

Job Position: Software Developer

Company Name: Gulf Tech Solutions

Gulf Tech Solutions, a growing IT firm specializing in custom enterprise software within the financial and energy sectors, is seeking motivated and skilled Software Developers to join our innovative team in Doha, Qatar. We welcome applications from lower level candidates with strong foundational knowledge as well as those with several years of relevant experience.

Base Salary: $4,000 – $6,500 Monthly

Qualifications: Bachelor's Degree in Computer Science or related field

Experience: One to three years in software development or a robust project portfolio

Skills: Proficiency in Python or Java, database management, version control systems, excellent problem-solving ability, and collaborative teamwork

Responsibilities: Writing clean and efficient code, participating in code reviews, designing and implementing new features, testing software applications, and collaborating with cross-functional teams

Description:

This role offers an exciting opportunity for software professionals to contribute to high-impact projects in one of the Middle East's most dynamic economic hubs. You will be instrumental in the full software development lifecycle, from concept and design to testing and deployment. A key focus of this position is continuous learning and applying best practices in a supportive, fast-paced environment.

We understand that relocating for a new job involves navigating immigration procedures. Securing a work visa is a mandatory requirement for all non-Qatari nationals seeking employment in the country. Your employment, should you receive an offer, is conditional upon obtaining the necessary work authorization. While Gulf Tech Solutions is committed to providing necessary documentation to support your application, please be aware that we do not issue or promise the granting of any visa. The application process, approval, and final decision rest solely with the relevant Qatari government authorities.
