Key Responsibilities:

- **Design and Development:**
 - Design mechanical components, systems, and products in accordance with client specifications and industry standards.
 - Use computer-aided design (CAD) software to create detailed models and technical drawings.
- **Project Management:**
 - Oversee projects from conception to completion, ensuring they meet deadlines, budgets, and quality standards.
 - Collaborate with cross-functional teams, including electrical engineers, production teams, and project managers.
- **Testing and Analysis:**
 - Conduct tests on prototypes, analyze performance data, and make necessary design adjustments.
 - Ensure mechanical systems comply with safety and environmental regulations.
- **Problem Solving:**
 - Diagnose issues in mechanical systems and recommend modifications or improvements.
 - Provide technical support to production and installation teams when necessary.
- **Compliance and Quality Control:**

- Ensure all mechanical designs comply with French and EU engineering regulations and standards.
- Perform quality control checks and ensure products are delivered to the highest standards.

Qualifications and Requirements:

- Bachelor's or Master's degree in Mechanical Engineering or a related field.
- Proven experience in mechanical design, development, and testing.
- Proficiency in CAD software (such as AutoCAD, SolidWorks, or CATIA).
- Strong understanding of engineering principles, materials science, and manufacturing processes.
- Excellent problem-solving and analytical skills.
- Ability to work collaboratively in a team environment.
- Fluency in English (knowledge of French is an advantage but not mandatory).
- Willingness to relocate and work in France.

(adsbygoogle = window.adsbygoogle || []).push({});

Benefits:

- Free visa sponsorship for international candidates.
- Competitive salary based on experience and qualifications.
- Health insurance and other social benefits.
- Paid vacation and holidays.
- Opportunities for professional development and career advancement.
- Relocation assistance, including housing support.

How to Apply: Interested applicants are encouraged to submit their resume and a cover letter highlighting their qualifications and relevant experience. Shortlisted candidates will be contacted for interviews and technical assessments.
