---

## About the Job

Alba is a leader in the aluminum industry, known for its cutting-edge technology and commitment to sustainability. As a **Process Engineer**, you will play a vital role in optimizing production processes, ensuring efficiency, and maintaining high safety and quality standards. This position offers the opportunity to work in a dynamic and challenging environment while contributing to Alba's global success.

Candidates currently in Bahrain are highly encouraged to apply. However, Alba also welcomes applications from qualified international candidates, offering **visa sponsorship** and relocation benefits.

---

## Key Responsibilities

As a Process Engineer at Alba, your responsibilities include:

- Monitoring and optimizing production processes to ensure efficiency and quality.
- Analyzing operational data and implementing improvements to reduce waste and increase output.
- Collaborating with cross-functional teams to develop innovative solutions.
- Conducting safety and compliance checks in line with industry standards.
- Preparing detailed reports on process performance and recommending improvements.
- Training and mentoring junior staff in process engineering practices.

---

## Requirements

To qualify for this role, you need:

- A degree in Chemical, Metallurgical, or Process Engineering from a recognized university.
- Strong knowledge of production processes and manufacturing systems.
- Excellent analytical and problem-solving skills.
- Fluency in English (spoken and written); Arabic proficiency is an advantage.
- Ability to work under pressure and in a team-oriented environment.

## Preferred Skills

- Experience in the aluminum or metallurgical industry.
  - Familiarity with Lean Manufacturing or Six Sigma principles.
  - Strong technical writing and reporting skills.
-

## Benefits

Working with Alba comes with many perks, including:

- Competitive salary paid in Bahraini Dinar.
- Comprehensive health and life insurance.
- Housing allowance or company-provided accommodation.
- Free visa sponsorship and relocation benefits for international candidates.
- Professional training and development programs.
- Annual leave with travel allowances.
- Access to Alba's state-of-the-art facilities and employee programs.

---

## How to Apply

Interested candidates are invited to submit their applications via the **official Alba careers website**. Ensure your resume, educational certificates, and any relevant experience documents are up to date. Applications without proper documentation will not be considered.

---

## Summary Overview

- **Position:** Process Engineer
- **Job Type:** Full-Time
- **Location:** Askar and other cities in Bahrain
- **Salary:** 900-1,500 BHD/month
