If you have a background in product management and want to contribute to the development of cutting-edge medical devices, this is the perfect opportunity for you!

Details of Product Manager Job in New Zealand

- **Position:** Product Manager
- **Location:** Auckland, New Zealand (Other locations may be considered)
- **Job Type:** Full-Time
- **Experience:** Experienced candidates preferred
- **Knowledge Required:** Understanding of product development and healthcare industry
- **Age Requirement:** 18+
- **Salary:** NZD 80,000–100,000/year

(adsbygoogle = window.adsbygoogle || []).push({});

About the Job

As a **Product Manager** at Fisher & Paykel Healthcare, you will be responsible for managing the lifecycle of healthcare products from concept to launch. Your role will involve working closely with cross-functional teams, including R&D, marketing, and sales, to ensure the product meets market needs and company objectives. You will be instrumental in shaping product strategies, collaborating with stakeholders, and driving product improvements.

[yarpp template="list" limit=3]

Fisher & Paykel Healthcare values local candidates for this role but is open to **international applicants** with relevant experience. The company offers **visa sponsorship** and relocation assistance for qualified candidates.

Key Responsibilities

In your role as a Product Manager, you will be responsible for:

- Managing the entire product lifecycle, including ideation, design, development, and launch.
- Conducting market research and competitor analysis to identify

opportunities for new products.

- Collaborating with internal teams to develop product specifications and requirements.
- Leading cross-functional teams to bring products from concept to market.
- Developing and executing product marketing strategies.
- Managing product pricing, positioning, and promotions.
- Monitoring product performance and making adjustments based on customer feedback and market trends.
- Ensuring compliance with regulations and standards relevant to the healthcare industry.

Requirements

To be eligible for this position, you should have:

- A bachelor's degree in business, engineering, or a related field (preferably in healthcare or medical device industries).
- At least 3–5 years of experience in product management, preferably in the healthcare or medical device sector.
- Strong project management skills with the ability to work cross-functionally.
- Excellent communication skills, both written and verbal.
- Strong analytical and problem-solving abilities.
- Ability to manage multiple projects and prioritize tasks effectively.

Preferred Skills

- Experience working in the healthcare or medical device industry.
- Knowledge of product development processes and lifecycle management.
- Familiarity with regulatory standards such as ISO and FDA guidelines.
- Experience with market research and customer insights.
- Strong leadership and teamwork skills.

Benefits

Fisher & Paykel Healthcare offers a wide range of benefits to employees, including:

- Competitive salary in New Zealand dollars.
- Health and dental insurance coverage.
- Paid vacation and sick leave.
- Opportunities for career growth and professional development.
- Employee discounts on company products.
- A dynamic and innovative work environment focused on making a difference in healthcare.
- Visa sponsorship and relocation assistance for international candidates (if applicable).
